

JED DORSEY

SUMMER 2022 SUPPLY LIST

PAINT - I will be using Winsor Newton Professional Acrylics. There is less “color shift” than some other brands (the colors don’t dry as dark) but feel free to use the brand you like. These are my colors in Winsor Newton.

- o Cadmium Yellow Light
- o Quinacridone Red
- o Phthalo Blue (green shade)
- o Ultramarine Blue
- o Titanium White
- o Burnt Sienna

You can buy these [HERE](#).

Note: I suggest buying artist-quality, heavy body paint if you can afford it. The coverage is so much better than student-grade paint. It’s okay to use student-grade paint but I would highly recommend buying your yellows in artist-quality paint.

PAINT BOX (bead box) - I will be using a paint box for my paints. You can buy one here: [PAINT BOX](#).

PALETTE - I love the Masterson Sta-Wet palette (12x16). It usually comes with palette paper and a sponge. (You can buy separately if that is not an option). You can buy this palette [HERE](#).

CANVASES - I recommend canvas panels. Feel free to use whatever surface you prefer. You will need a variety of sizes for this workshop including 4 smaller canvases for warm ups that are 6x6, or 6x8 or 8x8. You will also need a variety of other sizes. I would recommend 12x12 or 12x16. I wouldn’t bring any canvases larger than 16x20.

You can buy canvases by clicking [HERE](#). Or check out my favorites [HERE](#).

BRUSHES - My favorite brushes are Princeton Catalyst Flats (long handles). I use sizes 4, 6, 10, & 12. I also use a Princeton Catalyst Round (long handle) size 2. If you don't want to invest in those brushes at this time, I recommend buying a student-grade set that has a variety of sizes. I generally prefer synthetic brushes. You can buy Princeton Catalysts brushes [HERE](#).

EASEL - We will have tables for students so you don't have to bring an easel but feel free to if you want! We will bring some table easels but may not have enough for everyone so if it is important to you to have an easel bring one :)

SKETCHBOOK - I like sketchbooks that lay flat. The ones with coils are best at this.

PENCILS – I recommend 4B or 6B pencils. These pencils have softer lead so you get a wider range of values when using them.

VALUE FINDER - This should have 9 or 10 values on it showing white, a wide range of greys, and black. Here is an option: [VALUE FINDER](#).

MASKING TAPE - 1 roll (optional)

SPRAY BOTTLE - For keeping paint moist or using on your canvas for a watery effect.

RAGS AND/OR PAPER TOWELS - For dabbing your wet paintbrush.

WATER BUCKETS - For washing brushes. I use two buckets - one for the initial wash and one for the final rinse.

If you have any questions contact us at support@acrylicuniversity.com.

Note: We have provided you with some links on this list, to purchase supplies online. For some of the links we do receive a small amount of compensation if you order through the link.
